Hygienic Solutions MMA Seamless
Colour Quartz system and HS Drain
applied to Hotel Kitchen

HYGIENIC SOLUTIONS MMA COLOUR QUARTZ FLOORING SYSTEM

BENEFITS OF THE SYSTEM

- Fully dries and cures in 1 hour – no shut downs. Can also work at night whilst kitchens are shut
- Naturally anti-bacterial, perfect for kitchens and BOH areas
- Flexible – up to 35%, fully flexible and waterproof, creating a complete hygienic floor finish
- Smooth or skid resistance – Different slip resistance R10-R13 without bays or joints
- 100% seamless, no sealants required
- Bonds to stainless steel. No need for sealants around the drains– Sealants start to break down, causing water penetration, smells and bacterial breeding
- Top coat exceeds temperatures at 100 degrees. It has also been fully tested by being submerged at 80 degrees
- Can be Steam Cleaned
- Materials and application guaranteed for 10 years, giving the client peace of mind

Hygienic Solutions MMA Seamless Colour Quartz System for Kitchens.

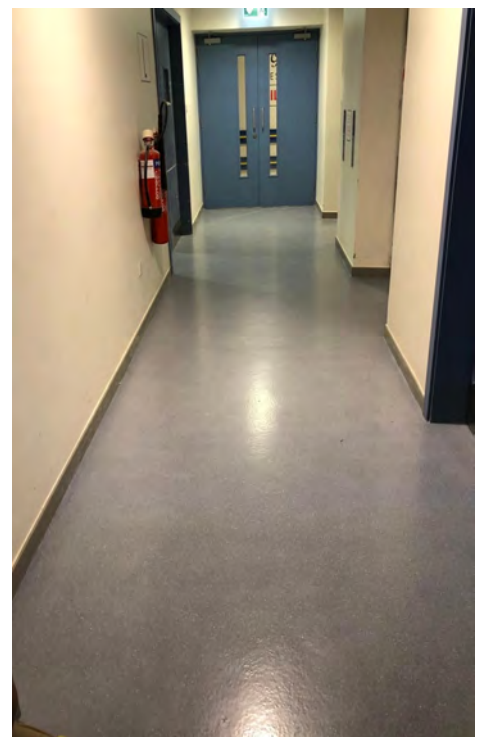

Hygienic Solutions MMA Colour Quartz system bonds direct to stainless steel without the need for sealants

HYGIENIC SOLUTIONS MMA COLOUR FLAKE SYSTEM

- Fully Dries and cures & can be used within 1 hour
- Naturally anti-bacterial, perfect for kitchens and BOH areas
- Can take foot, trolley & fork lift traffic
- Smooth or skid resistance – Different slip resistance R9-R11 without bays or joints
- 100% seamless, no sealants required
- Bonds to stainless steel. No need for sealants around the drains– Sealants start to break down, causing water penetration, smells and bacterial breeding
- Top coat exceeds temperatures at 100 degrees. It has also been fully tested by being submerged at 80 degrees & Can be steam Cleaned
- Available in a range of colours
- Materials and application guaranteed for 5 years, giving the client peace of mind
